is proud to partner  
with TRI Handkerchiefs

By donating our retired bed sheets to TRI,  
we are doing our part to protect  
Indonesia's forests

A close-up photograph of an orangutan's hand resting on a vertical wooden post. The hand is wrinkled and has a reddish-brown hue, matching the orangutan's fur. The wood is light-colored with a vertical grain.

**This beautiful TRI Handkerchief was lovingly up cycled  
using our retired bedsheets.**

**By gifting these to each of our guests, we are able to  
support the restoration of 2 hectares of rainforest in the  
Leusser Ecosystem per month.**

**This effort gives critically endangered tigers, rhinos,  
elephants and orangutans a fighting chance at survival.**

TRI Handkerchiefs has lovingly up cycled our retired bedsheets into these beautiful and practical souvenirs.

By purchasing them, you can play a role in protecting critically endangered orangutans and the peat land forests they live in.
